

amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Director of the Information Resources Group, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. ED invites public comment at the address specified above. Copies of the requests are available from Patrick J. Sherrill at the address specified above.

The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department, (2) will this information be processed and used in a timely manner, (3) is the estimate of burden accurate, (4) how might the Department enhance the quality, utility, and clarity of the information to be collected, and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

DEPARTMENT OF ENERGY

Bonneville Power Administration

Proposed Billy Shaw Dam and Reservoir

AGENCY: Bonneville Power Administration (BPA), Department of Energy (DOE).

ACTION: Notice of floodplain and wetlands involvement.

SUMMARY: This notice announces BPA's proposal to fund the construction of the Billy Shaw Dam and Reservoir in an area of floodplains and wetlands located in the Duck Valley Indian Reservation in Idaho and Nevada. In accordance with DOE regulations for compliance with floodplain and wetlands environmental review requirements (10 CFR Part 1022), BPA will prepare a floodplain and wetlands assessment and will perform this proposed action in a manner so as to avoid or minimize potential harm to or within the affected floodplain and wetlands. The assessment will be included in the environmental assessment being prepared for the proposed project in accordance with the requirements of the National Environmental Policy Act. A floodplain statement of findings will be included in any finding of no significant impact that may be issued following the completion of the environmental assessment.

DATES: Comments are due to the address below no later than June 1, 1996

ADDRESSES: Submit comments to the Public Involvement and Information Manager, Bonneville Power Administration - CKP, P.O. Box 12999, Portland, Oregon 97212. Internet address: comment@bpa.gov.

FOR FURTHER INFORMATION, CONTACT: Kathy Fisher - ECN, Bonneville Power Administration, P.O. Box 3621, Portland, Oregon, 97208-3621, phone number 503-230-4375, fax number 503-230-5699.

SUPPLEMENTARY INFORMATION: The Billy Shaw Dam and Reservoir is proposed for construction in the Billy Shaw Slough, located west of the town of Owyhee, Nevada in Section 15, T. 47 N., R. 1 E. The Shoshone-Paiute Tribes of the Duck Valley Reservation are seeking BPA funding approval to develop the Billy Shaw Dam and Reservoir as a lake fishery. The new lake fishery would

substitute resident fish for the tribal loss of the salmon and steelhead fishery caused by the Hells Canyon hydropower complex.

The lowlands areas of the Billy Shaw Slough are seasonally flooded ephemeral alluvial washes. The saturated zones or intermittent riverine areas are defined as waterways of the United States. These intermittent riverine waters are winding, trend south to northwest, and occupy approximately 3 acres of the site in the narrow winding bottom of the slough. The banks are steep, undercut, and eroded with an average height of one to two feet. The bottoms are sandy, for the most part barren of vegetation, and intermittently saturated during the fall and winter months.

Maps and further information are available from BPA at the address above.

Issued in Portland, Oregon, on May 2, 1996.

Thomas C. McKinney,
NEPA Compliance Officer.
